

LET'S RIDE TOGETHER

As a carpooler, you're already experiencing the benefits of sharing a ride to work. You're saving money, reducing your personal carbon footprint, making some new friends and possibly saving some time using HOV lanes.

Commute with Enterprise can amplify each of those benefits, plus reduce wear and tear on your personal vehicles while you ride in style in one of our recent-model SUVs, crossovers or vans.

Compare Your Commute

	Carpool	Commute with Enterprise
Basics	Share a ride with 1-3 coworkers in a personal vehicle, splitting cost of fuel, tolls and parking	Share a ride with 4-15 coworkers in a late-model SUV, crossover or van, equipped with the latest features; riders split the cost of rent, fuel, tolls, parking, etc.
Insurance	Personal policy with claims impacting premiums	Comprehensive physical and liability insurance with no impact to drivers' personal policies
Maintenance	Additional mileage / wear and tear Routine maintenance and repairs paid by the vehicle owner	Preventative maintenance with loaner vehicles for overnight repairs
Vehicle Depreciation	Additional mileage impacts vehicle resale value	N/A
Roadside Assistance	Added expense and must coordinate roadside transportation services	24/7 roadside assistance including emergency transportation
Subsidies	N/A	Most are eligible to receive a financial subsidy of \$400 – \$800 from local transit agencies
Tax Incentives	N/A	Your employer can set up pre-tax payroll deduction up to \$265/month/rider
